

nocca[®]ORDER

THE SYSTEM FOR ADVANCE ORDER MANAGEMENT

Looking for a simple and reliable accounting system in which your customers can pre-order? Your customers operate mocca.order, the advance ordering system, quickly and intuitively. They choose the meals in advance either via internet or identify themselves at terminals, that are installed locally. mocca.order is the allround solution that meets your requirements for pre-orders.

FEATURES AND ADVANTAGES:

- Faster transactions
- Higher margins
- Ease of use
- Web and Smartphones
- Continuous Improvement of business performance
- Clearly structured reporting

Easy menu planning, clear management

You operate on a clearly structured mocca.order web interface. Photos and short descriptions can be stored for all products. Your customers can use any standard web browser, and know by the intuitive user interface, how to order.

Flexible catering

You make your plans easily and know in advance which products were ordered. Forget about overproductions and over delivery. Produce accurate orders and calculate precisely to the penny.

Generate more orders

With mocca.order you deliver fresh goods on time. You can individually configure your preparation time and always remove products that are no longer available. You decide when you deliver the goods - your customers get their food on time.

moCCA[®] ORDER

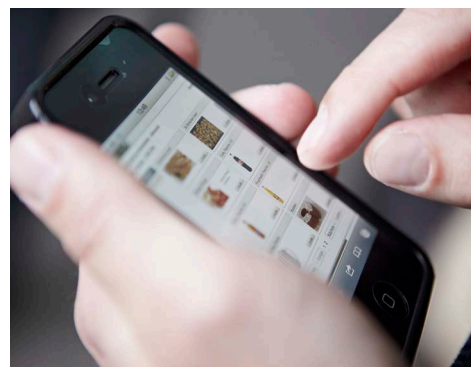

How will your customers pay?

moCCA.order offers several payment options. Choose from payment cards, direct debit or cash payment. Your customers identify themselves at a terminal with a card or you check a list. moCCA.order simplifies your workflow with compatible hardware and software.

Easy to expand and immediately operational

You can operate moCCA.order as an independent system and using the web interface for managing and analysing the data. The integration of moCCA.order in a system with cash and vending machines is self-evident. In this case all data is managed and evaluated with moCCA.admin centrally. Interfaces to external systems are contained in both variants.

System requirements

- Internet connection
- Browser:
 - Microsoft Internet Explorer
 - Mozilla Firefox
 - Apple Safari
 - Google Chrome
